fact: In 1800 she went to Berlin, became interested in a fashion paper, and in four years she had accumulated enough money to enable her to devote herself to pure literature the sect of the life.

Pittsburg Commercial: Few men have received more sympathy in misfortune than has James R. Keene, the late Cal formia millionaire, who last week lost in Wall street the last of his great fortune of \$10,000,000 which he brought from Kansas City to New York ten years ago. Innumerable stories are told of his rise in the world and of those he helped to bet ter fortunes, and I shall try to tell one o hese as it was told to me at Saratoga two years ago. "Do you see that little woman with the India shawl who is just going to drive?" inquired an ex-Senator from California of the writer as we sat together on the great hotel piazza one afternoon She has had a wonderful experience Would you like to hear how Jim Keen helped her to a fortune?" Relighting

remember very well in 1856 when Tom Crittenden came back from New York with a pretty little wife. He was daring operator then, and for a while all he undertook succeeded. But times changed. Crittenden got on the wrong Then there was the difficulty of adjusting the make-up of the book satisfactorily, with the editor and authors on one side of the Atlantic and the publishers on the other. Mr. Stanton was in Paris, while the publishers were the Putnams, of this city.

But these difficulties were in time surmounted, and the result is a volume as nearly perfect as book may be. "Exactness has been one of the chief cares of the editor." We have a book of hard fact without any gush. It is a dispassionate history of the recent progress of the woman movement in all the countries of Europe.

Great Britain is naturally the first country to be taken up. After that come the Teutonic countries, next the Seandinavian, then the Sclavonic and last the Orient. England has the lion's share of the work, and quite right. It is

Mackey, who was general superintendent of these mines (all a part of the great are superior to the men. France has produced splendidly gifted women in art and literature. The truth is the vain, restless men of France are jealous of the other are in the present day control of the great Comstock system), came in a hurry to San Francisco and went at once to Flood and O'Brien. He said they had just struck the most wonderful lot of 'bonan-France, white accomplishing less than almost any other country in the practical amelioration of woman's condition, has, in the field of ideas, always led the world. What her thinkers and reformers have written and spoken other nations have put into practice. France has already theoretically solved the woman question, as she has all the other great problems of the nineteenth control of the country. strike was made public. This was or Thursday. By Saturday evening they had three-fifths of all the stock. Only two outsiders-Sharon and Bill Ralston were allowed to come in, and the ouly reason the latter was told they wanted the Bank of California to carry them through. Keene, shrewd, and sharp, felt that something was in the air, but for the life of him he could not find out what it was. One afternoon a little woman in rusty black came into the office could see Mr. Keene. The young man addressed was very busy just then telling

and, with a timid air, asked a clerk if she Tickets only 85. Shares in proporti a story to another clerk of how he and several others had painted the town red Miss Cobbe calls attention to the fact that until women can vote none of the privileges they have already can be secure. These will be held at the merry and caprice of men. At the same time and caprice of men. At the same time the land of promise for women. This is to be observed that throughout the night before. He looked over ner dead and everywhere, and finally saw it was only a shabby-looking woman. He supposed it was some one who was beging, and insolently answered that Mr. Keene was very busy then and could see Louisiana State Lottery Company cure. These will be held at the mercy and caprice of men. At the same time the lady mentions incidentally that as a conservative she cannot at all advocate giving the ballot unreservedly to an illiterate rabble. Finally she remarks:

The man't not to be envied who can view the struggle of wamen for political rights with continuous to the backward half of creation. One who knows our country well cannot avoid the impression that the freedom and real imp her a chair with as much courtesy as if she had been the reigning belle of Incorporated in 1868 for twenty-five years by th Legislature for Educational and Charitable pur poses, with a capital of \$1,000,000, to which a re-serve fund of over \$550,000 has since been added. By an overwhelming popular vote its franchi-was made a part of the present State Constitution adouted thereutheris. ing of mining operations all my married

once knew, and I have been used to hear-Yesterday I was at the house of-naming one of the bonauza set—and heard a conversation which convinced me that a great operation is being engineered by Flood, O Brien, Mackey and Fair.
